

HIV/AIDS Medical Update Series

Presentation Request

Please complete one form per selection
(duplicate and complete if requesting multiple topics).

Hospital/Organization: _____
Department or Program: _____
Mailing Address: _____
City/State/Zip: _____

Director of Medical Education (or person responsible for CME):

Name: _____ Title: _____
Telephone Number: () _____ Ext: _____ Fax: () _____

In my absence please contact:

Name: _____ Title: _____
Telephone Number: () _____ Ext: _____ Fax: () _____

Title Selection (one per form):

- ☐ HIV/AIDS and Hepatitis C Co-Infection
- ☐ Pediatrics and HIV: Guidelines for Your Practice
- ☐ Diagnosis and Initial Management of HIV/AIDS:
What the Primary Care Physician Should Know
- ☐ Immunization for HIV Positive Adults
- ☐ Medical Intervention to Reduce the Risk of Vertical HIV Transmission
- ☐ Prophylaxis and Treatment of Opportunistic Infections in Patients with HIV Disease
- ☐ Managing Occupational Exposure

Please identify the process used to determine your institution's need for this topic (check all that apply):

- ☐ Request by staff physician, faculty, department head or planning committee.
- ☐ Survey of medical staff by survey questionnaire.
- ☐ Review of evaluation forms from previous programs.
- ☐ Data obtained from hospital audits, quality management, risk management, infection control or other staff committee (Identify committee)
- ☐ Other (Please identify) _____

Requested Date: _____ Time: _____ ☐ AM ☐ PM

Lecture Location: _____

Person to Act as On-Site Moderator: ☐ Contact Person above or:

Name: _____ Title: _____
Telephone Number: () _____ Ext: _____ Fax: () _____

HIV/AIDS Medical Update Series January - August 2004

HIV/AIDS Medical Update Series

1-hour presentations
by HIV/AIDS
clinical leaders
brought to your
health care site
on request

FREE CME
and
Nursing CE Credits

January - August 2004

Program Description

This series of 1-hour presentations has been developed to provide timely, expert, accessible training on HIV/AIDS care to health care professionals throughout New Jersey. Presentations will be brought on-site at eligible organizations, based on completion of the request form in this brochure, and may be scheduled between January and August 2004.

Target Audience: physicians, nurses, and other health care professionals and paraprofessionals who treat or provide services to persons with HIV/AIDS.

Topics available:

Diagnosis and Initial Management of HIV/AIDS: What the Primary Care Physician Should Know

Upon completion of this activity you should be able to:

- ★ List the benefits of HIV counseling and testing
- ★ Describe the guidelines for the medical management of HIV/AIDS
- ★ List the common side effects of antiretroviral medications
- ★ List at least 6 contraindicated antiretroviral regimens
- ★ Discuss HIV reporting requirements in New Jersey

HIV/AIDS and Hepatitis C Co-Infection

Upon completion of this activity you should be able to:

- ★ Review the epidemiology of HIV-HCV co-infection
- ★ Recognize the need to assess HIV infected patients for HCV co-infection
- ★ Describe a treatment regimen for HIV-HCV co-infected patients
- ★ Describe the interaction between HIV and HCV
- ★ Discuss the impact of HCV on the treatment of HIV infected patients

Immunizations for HIV Positive Adults

Upon completion of this activity you should be able to:

- ★ Understand the importance of immunizations in primary prevention in HIV infected persons
- ★ Name the recommended immunizations for HIV-infected persons and how to modify their use
- ★ Identify types of immunizations that are contraindicated for HIV-infected persons.

Managing Occupational Exposure

Upon completion of this activity you should be able to:

- ★ List the mode of occupational HIV transmission that occurs in health care workers
- ★ State the level of risk of infection after exposure
- ★ Review federal and state governmental agency requirements for management of occupational exposure to HIV and recommendations for postexposure prophylaxis
- ★ List the standard precautions that prevent the transmission of HIV in health care settings
- ★ List the steps to take when occupational exposure to HIV has occurred

Prophylaxis and Treatment of Opportunistic Infections in Patients with HIV Disease

Upon completion of this activity you should be able to:

- ★ Identify the major opportunistic infections in patients with HIV disease
- ★ Discuss differential diagnoses for the most common opportunistic infections
- ★ Identify the sites most frequently affected by opportunistic infections in patients with HIV disease
- ★ Discuss treatment options for the more common HIV-related opportunistic infections
- ★ Discuss prophylaxis for PCP and MAC

Medical Intervention to Reduce the Risk of Vertical HIV Transmission

Upon completion of this activity you should be able to:

- ★ Discuss the epidemiology of vertical HIV transmission.
- ★ Recognize the role of rapid testing and short course therapy for women who present in labor with unknown HIV status.
- ★ Describe how to reduce the risk of perinatal HIV transmission through medical management.
- ★ Discuss HIV reporting requirements in New Jersey

Pediatrics and HIV: Guidelines for Your Practice

Upon completion of this activity you should be able to:

- ★ List the factors that influence perinatal HIV transmission
- ★ Describe how HIV is diagnosed in a child younger than 2 years
- ★ List the signs and symptoms of pediatric HIV infection
- ★ List the recommendations for PCP prophylaxis and discontinuation
- ★ Describe the management of the HIV exposed infant through 18 months of age
- ★ Discuss HIV reporting requirements in New Jersey

How can our health care organization sign up?

Eligible hosts include hospitals, correctional facilities, federally qualified health centers, long-term care facilities, home health care agencies, and other health care providers in New Jersey.

Host sites must complete a presentation request for each topic, identify the CME contact person and/ or moderator, and return the form to AACME (see back panel). There is no fee to attendees or the host organization for this program.

Angela Ranzini, MD, Director of Outpatient Obstetrics, Division of Maternal-Fetal Medicine, Saint Peter's University Hospital, New Brunswick, NJ
Co-chair: Elaine Gross, RN, MS, CNS-C, Nurse Educator, Francois-Xavier Bagnoud Center at UMDNJ, Newark, NJ

Pediatrics and HIV: Guidelines for Your Practice
Anat Rachel Feingold, MD, MPH, Division Head Pediatric Infectious Disease, Cooper University Hospital, The Children's Regional Center, Camden, NJ
Co-chair: Carolyn K. Burr, EdD, MSN, RN, Clinical Associate Professor of Nursing, François-Xavier Bagnoud Center at UMDNJ, Newark, NJ

Accreditation for Physicians

Each topic has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the American Academy of CME, Inc. and the Division of AIDS Education, Center for Continuing and Outreach Education at UMDNJ, which is a site of the NY-NJ AIDS Education & Training Center. The American Academy of CME, Inc., is accredited by the ACCME to provide continuing medical education for physicians.

The American Academy of CME, Inc., designates each educational activity for a maximum of 1.0 category 1 credit toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Accreditation for Nurses

The American Academy of CME, Inc., is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

AACME designates each educational activity for 1.2 contact hours.

Disclosure

It is the policy of the American Academy of CME, Inc., to ensure balance, independence, objectivity, and scientific rigor in all sponsored educational activities. Any and all financial relationships between faculty and the manufacturer of any product or device being discussed, are to be disclosed by the faculty to the attendees at the time of the activity. Discussion of any non-FDA-approved product or device shall also be made known to the audience.

Sponsors:

This medical education program is jointly sponsored by the American Academy of CME, Inc. and the Division of AIDS Education, Center for Continuing and Outreach Education at UMDNJ.

The program is supported by an unrestricted educational grant from the New Jersey Department of Health & Senior Services, Division of HIV/AIDS Services.

In compliance with the American With Disabilities Act of 1990, we will make all reasonable efforts to accommodate persons with disabilities. Please call 609-921-6622 with your request.
